

Experience Pianos on State -Downtown

ARTFULLY PAINTED PIANOS will draw musicians and listeners to State Street, as a 15 year tradition, Pianos on State, enlivens the wealth of cultural offerings found in downtown Santa Barbara beginning this week.

From sonatas to *Row Row Your Boat*, members of the public engage by tickling the ivories in this favorite interactive consisting of colorful pianos placed along walkways.

With a total of 14 pianos, all painted by local artists, the program is supported by a large collaborative of organizations, spearheaded by the Santa Barbara Arts Collaborative.

SBAC will also provide performance programming with lots of free time left for the public to play. The pianos were placed in time to be part of the Oct. 6th 1st Thursday Cultural Art Walk.
